

Technical information

THE POWER OF TOTAL SECURITY

U.L. Listed level I TP 100 is a high quality, mar-resistant polycarbonate, acrylic laminate with a urethane inter-layer developed specifically for polycarbonate. Its components consist of an abrasion resistant polycarbonate sheet for the outer plies, and standard polycarbonate sheet for the inner ply. This laminate offers superior physical attack and ballistic resistance, including multi-shot assault with no spalling.

ARMORTEX® TP 100 Laminate Product Description			Gauge (inches)	Weight (lbs./sq.ft.)	Light Transmittance	Shading Coefficient	U-Factor
	TP 100 3-ply Polycarbonate	1/8" Abrasion Resistant Polycarbonate	.77"	4.8	78%	.84	.70
		Urethane Bonding Interlayer 1/2" Acrylic Sheet Urethane Bonding Interlayer 1/8" Abrasion Resistant Polycarbonate
